OFFSET

After years caring for her dying mother, a grieving woman tags along with a fling and his wealthy friends to a five-day retreat, hoping to finally put herself out there and live. The retreat is built around a device that grants shared access to each guest's deepest fantasy, until she turns it, one twist at a time, into an instrument of reckoning.

Visual rules

From the Director's Statement, Deck V5 and the Miro board.

REALITY
Black-and-white Ungers architecture. Centred, symmetrical, locked-off wides. The house dominates the frame.

NEON GREEN
The only saturated colour in the real world: device rings, cameras, bottled water, the outhouse door. Under for longer, the rings drift to yellow, then red.

FANTASY
Warm, syrupy yellow light, slowed time, a floating camera. Each guest's desire gets its own world.

MEMORY
Mother's flat, handheld and close. Greyish for the hard years, growing harsher as the fantasies grow vivid. White and bright when she reflects on the good times. Warm yellow for the walk to the cinema.

BOARD GRADE
House scenes carry a slight green cast. Fantasies glow warm yellow. Red for the dancing, the sex scenes and the final fantasies turning to nightmares (not Eleanora's). Flashbacks are washed white.

PROGRESSION
Controlled and objective in Act One, subjective and immersive by Act Three. Rooms feel smaller. The feast rots.

SOUND
TWIST then CLICK marks every passage under, louder each time. Rooms go quiet; breath gets heavier.

Generational wealth, charm over manipulation.
Desire: Psychological and sexual dominance.

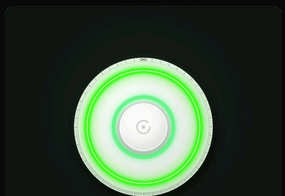
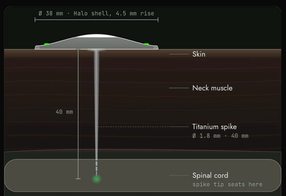
The device: Halo

Device design, round 3, direction A. A low white dome on the nape with two light rings and one button. A neural implant on trial: a slender titanium spike runs from the centre of its underside into the spinal cord. It does not just read signals; it rewrites them. To the user the fantasy is indistinguishable from reality.

Worn at the nape / to scale on an average neck



Top view / 1:1 at 38 mm, infinity mark at 12 o'clock



The spike / 40 mm titanium, seats in the spinal cord

SIZE	Ø 1.5 in / 38 mm; a gentle dome rising 4.5 mm from the skin
BODY	Matte warm white. A very subtle twist bezel: a 1 mm lip with 48 fine grip ridges and a small engraved infinity mark at 12 o'clock
OPERATE	Twist the bezel to set the length, then push the gloss white centre button
INNER RING	On when connected to the body: a fine green ring by the button
OUTER RING	On when connected to the fantasy: neon green when started, yellow deep in, full red at infinite

A WOMAN sprints up the stairwell in slow-motion.

ELEANORA (V.O.) Eleanora. Eleanora. Evie is no real. MOTHER (V.O.) This is not her.
